

Flying is a lifetime of learning...

Calling all Gyrocopter Pilots and Instructors!

The Gyrocopter Experience are delighted to be one of the sponsors of the **International Association of Professional Gyroplane Training?**

?This is an Association for all Gyro pilots, instructors, student pilots, manufacturers and regulators of Gyroplane activity with an objective of creating and promoting worldwide standards of Gyroplane flying and instruction. The aim is to continually improve safety of Gyroplane flying, worldwide.

We urge every gyro pilot in the world to become a member of this Association. There is a wealth of knowledge to learn and share. The Association also provides software tools to integrate? |

nstructor led student training records

?with?

self-study online training

. It's not just for instructors and students though, every Gyro pilot would benefit and learn something, with a system of reminders and checklists to help keep you legal and properly prepared when you go flying.

You can register for safety related Gyro information and more information on the Association at their website www.iapgt.org ?(or the easier to remember? GyrocopterTraining.org)
